Customers praise our new Delta DC-8-71!

"In nearly 45 years of collecting and building model airlines, I have to say that this may be the first kit I've seen that will allow me to build "out of the box" using the kit decals, and not want for anything extra. I'm absolutely giddy, and this is only the first release..."

"To call the decal sheet complete is nearly an understatement, it has all the details you'd hope to have. The colors appear to be correct, and the register is crisp..."

"Yesterday I picked up four new release DC-8's. Tonight at midnight I decided to crack one open... Absolutely amazing! These planes are flawless and in my 20+ years of building airplanes I have never seen one fit together as well as this one. I honestly believe now you make the best airliner kits out there..."

Visit www.minicraftmodels.com for complete, up-to-date information on all of our products plus in-depth history and background on everything in our product line!

Great New Releases! Beautiful New Tooling!

14524 1/144 C130 US Coast Guard S&R

- Elegant detailing usually found only in larger scale models!
- Cargo door may be displayed open or closed (door actuator detailing included.)
- Anticollision and running lights in clear parts
- Nose options available for the advanced modeler
- Superior Deluxe Decal Set

14537 1/144 C-130 Hercules Gunship

- Includes detailed armament
- Elegant detailing usually found only in larger scale models!
- Cargo door may be displayed open or closed (door actuator detailing included.)
- Anticollision and running lights in clear parts
- Nose options available for the advanced modeler

11641 1/72 PBM-5 Mariner

- Beautifully detailed and the most accurate model ever made of this historic aviation treasure.
- Completely detailed cockpit
- Correct armament turrets
- Option to build with or without armaments
- Superior Deluxe Decal Set
- Many other "surprise" exclusive Minicraft design features.

Minicraft "Flights of Fancy" Featuring ChromaCals™

ChromaCals™ are manufactured using a special process which combines hot foil stamping and top-quality serigraphy yielding the most beautiful colors ever offered in the model industry. A true innovation, ChromaCals™ enable the modeler to create intricate chrome and metallic markings and details otherwise difficult or impossible to achieve.

Colors literally shimmer, adding a new beauty and show-stopping appeal! The possibilities for these stunning graphics are mind boggling!

Our Museum-Quality 1/350 Scale Titanic Kit

Updated Features! Beautiful Collectible Package!

11312 TITANIC

Created from the most exacting data that could be provided by experts in the field.
The most accurate model kit available!

11315 DELUXE TITANIC

This kit contains all the features of the 11312 kit plus finely-detailed photo-etched brass parts to make a truly impressive model!

- The largest and finest model available!
- The most detailed and accurate!
- Photo-etched brass parts for superb detail.
- The modeler's choice!

Times were tough and the gangs were even tougher!

53004-1/16 Courthouse

MiniStreets™

Added to our 1/16th scale vehicles, these beautiful buildings provide for a dramatic and authentic display. Made of sturdy paperboard, they assemble easily and include dimensional details such as awnings, signs, architectural details, and even a single marquee! The sidewalks are designed to connect streets or corners and provide alleys for hiding out from the cops or setting up an ambush! Railings and signs add period authenticity.

Hard Times Highways™

Our beautiful 1/16th scale classics have never been in such rough company! Complete with 3 die-cut figures, Minicraft remembers when times were tough and the gangs were toughest! And, ChromaCals™, in all their brilliance are used throughout. Each car includes its own distinctive period markings and a complete set of ChromaCals™ bullet hole decals.

11230 1/16 1933

Metropolitan Police Town Car

Each car comes with its own set of three 1/16 scale die-cut figures!

11311 1/700 Destroyer Spruance

NOAH'S ARK

Here's a chance to build the most famous seafaring vessel of all time! Our new Noah's Ark model kit will unite modern across generations in recreating the Old Testament story. The kit will include details of the Ark as outlined in the Bible's account of its design. In the spirit of ancient times, the kit will be rooted in "Cubix Scale," as recorded in the book of Genesis. The Ark was 300 cubits long. A cubit is equal to about 18 inches or the length between one's elbow joint and the tip of the longest finger. The finished kit will be approximately 18" in length at a modern-day scale of 1/100.

Minicraft's new Noah's Ark is not a toy, but rather a miniature-quality representation of this famous vessel designed so that the whole family can enjoy building it. Using modern CAD/CAM tooling for beautiful detailing inside and out, Noah's "Floating Ark" will include an assortment of animals both wild and domesticated, realistic injection-molded babies and family animals to delight young and old. Each kit will include the Old Testament account of Noah and his family. The finished Ark will be a favorite family memory for years to come. #11316 Cubix Scale Noah's Ark
